A little bit about our employee of the month

I was born in Worthington and have lived here most of my life. I have worked at South Shore for 71/2 years. I started in Dietary and have been in Activities for 61/2 years. I could not see myself doing anything else as I enjoy working with the residents. I believe that if you enjoy what you do, it doesn't seem like work. I am very proud of what I do and love to see the residents happy.

I enjoy watching baseball and football. I also enjoy singing karaoke, especially for the residents.

I want to say “Thank You” to the residents at South Shore for letting me be a part of their lives.

I am the Symbol of Freedom

My age is old, my history is long
Many things have been said, some even in song
In a pledge I am honored, as some gatherings start
Where Americans stand, with hands over a heart
Leading the way, is what I do best
A Bugle plays, when I lay a brave hero to rest
My colors have meaning, but few know why
As they shine in the sun, against a blue sky
My Stars are in a field, to show all we are United as one
Red Strips the color, the blood for freedom won
There is Freedom, Liberty, Honor and Pride
As I represent America, and its people inside

When I fly, the world knows who we are
I represent hope and peace, earth's highest bar
When I'm honored, it is for all who have died
Their Moms and Dads, the wives and children who cried
Our Nation's Freedom and Liberty, their gift to us not lost
My Nation and its citizens, must never forget the tremendous cost

I am concerned as new wind is blowing, I feel its wrath
Many of my people are lost, and looking for the path
Politicians, Lawyers and special interest, seem to own the hour
No care for the nation, only their want of control and power
Our people have suffering and fear, "God" now only spoken in a hush
Thankfully messages of hope and truth, come in a Rush
Honest words, which make all Stop, Look and Listen
So my colors, may continue to shine and glisten
Like the Boston Party, now there is power in the new "Tea"
For all who want to drink, from Freedom's Sea
Now is the time to stand up, be counted and not be in fear
Your vote a "purchased" right, its' endangerment always near
Teach all children, as they "text" or fly their kites
Of the so many who've died, to preserve our rights
America must remain, "a family are we"
If this Nation will continue to sing, "Oh Say can You See"
